

## Why More Dealers Choose StarLink:

- MAX Universal** - Supports any alarm panel brand, intrusion, connected biz or home &/or commercial fire (FACUs 12V and 24V).
- MAX Easiest Install** - In as little as 15 minutes
- MAX Smart SMS Notifications & Remote programming or Up/downloading, Virtual Keypad App on top panel brands with StarLink Connect<sup>®</sup>** (Honeywell<sup>®</sup>, ADT<sup>®</sup>, DSC<sup>®</sup>, Gemini<sup>®</sup>)
- MAX Panel-Powered Technology<sup>™</sup>** - No power supply to add on or bother with (no conduit either) - low current draw (71mA standard & sole path fire models; 100mA dual path fire)
- MAX One to Stock: Save More Labor & Costs with StarLink Fire Combination Sole/Dual Paths** - Sole Cell or Dual Path Cell/IP, just choose the preferred plan, includes labor-saving 4 programmable EOLR zone inputs; 2 Form C Relay outputs (no extra supervision modules to buy) + 2 modular Telco jacks for EZ FACU-connection
- MAX Reliable cell reporting to Any Central Station** - Your account or a takeover - Directed to your choice of monitoring office
- MAX Better MAX Performance with Unique Signal Boost & Dual Diversity Antennae** - Amplifies signals to work, even in fringe areas where others won't - 2 antennae for immunity to multiphase-effects, signal clash and drop-outs (receive signal on both antenna)
- MAX Optional Extended-Range Universal StarLink Omni<sup>™</sup> Indoor/Outdoor Cell Antennas for all top brands** - Complete with low-noise cable & mounting hardware (see pg 2)
- MAX Proven StarLink Reliability, Labor Savings & Class-Leading Technology** OTA (over air) firmware upgrades. Preactivated to ensure communication, saving on-site labor & time.

## Commercial Fire Cellular Reporting (All Models Sole or Dual Path Selectable)

	Model	Carrier	Cell or Cell/IP	Universal Panel Support	Panel Powered (or other power)	15 min. Install/Takeover	Signal Boost & Dual Diversity LTE Antennae	Full Panel Up/Downloading	Special Features	Compliances
