- Get Free Security System On/Off App for your Smart Phone

**Don't Just Take Our Word for It:**

USA TODAY 2012

### **AT&T sets deadline for 2G**

AT&T Friday that the shutdown of its second-generation, or "2G," wireless network will be complete by the end of 2016, a process that will force customers with older phones to upgrade to "3G" or "4G" devices.
