

Connect Your Home. Simplify & Secure Your Life

SECURITY • VIDEO • SMART HOME AUTOMATION

Stay in Touch & In Control Anywhere

iBridge Connected Home
AUTHORIZED DEALER

Let us introduce you to

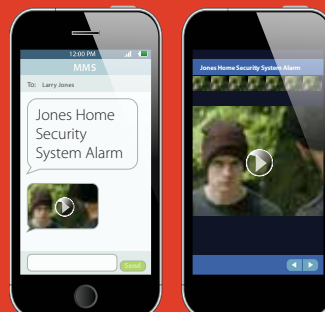

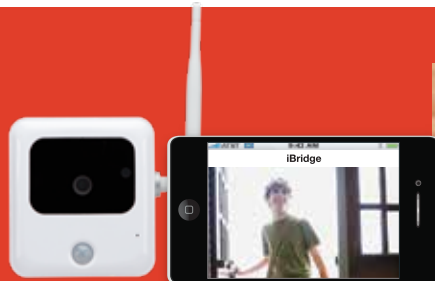

The iBridge Connected Home Co

Remote Security System Control –

- Control your security system anytime, anywhere and check its status
- Set/Reset your alarm system effortlessly, while you're home, away or staying in for the night
- Send a silent alarm or panic alert to get help from authorities
- Get emails, texts and Multimedia text video alerts if your system is unexpectedly turned off, or not, or in an alarm/emergency

Look Through Your Video Cameras, Inside & Out –

- See What's Happening At Your Front Door...
- Or, Your Home, Dad's, or the Vacation Home
- Whenever You're NOT Home, or want to know the kids ARE
- All Using a Secure Camera Network with recording-review files
- Get Live Video Alert "Message/ Notifications" on the events you choose and see pre- and post-video clips of the events/alarms as they unfold right in the multimedia text (MMS). Great to look in on kids returning, deliveries & alarm events

Your security system and much more are all controlled easily, anywhere you are, from any smart device or online Get alerts & text message notifications sent to your phone, too! No old-style alarm keypad for you!

See Live HD video of burglar alarms, pets, deliveries, home comings and more, any time or with recording-reviews, on your smart phone or at home Just like being in two places at once!

Connecting your life, home or away.

Smart Automation –

- Control Lights, Thermostats & Small Appliances
- Set & Schedule Heating & Cooling Temperatures from anywhere your are, or so the house is cozy or cool for your arrival home
- Save up to 20% on energy bills with proper energy management, according to the U.S. Department of Energy
- Change by Need, Room, Scene or Schedule
- **Make Cool, High-End Custom One-Button SCENES for your Family**, e.g., movie night or romance or reading in bed. Scenes auto-control a group of lights, temp. locks & appliances from any smart device you'd like and the button will popup with the very name you called it.

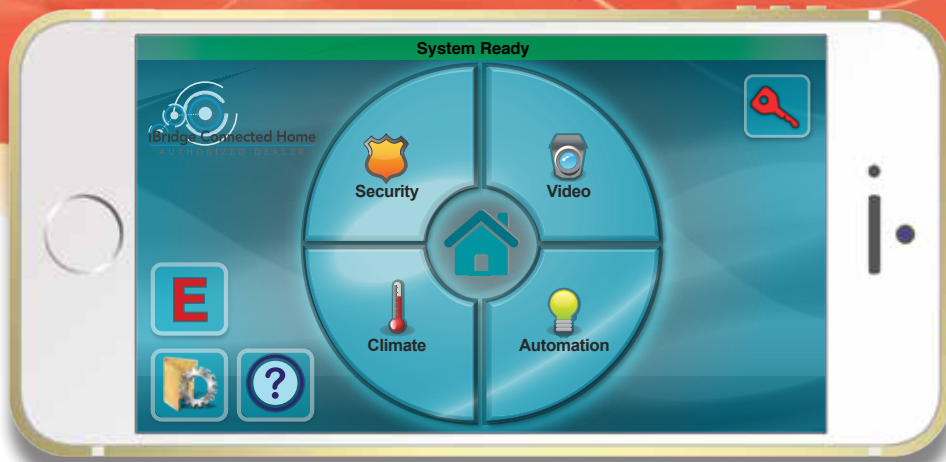

Relax in High-End Style! Set custom Scenes, like movie night, or romance, that auto-control lights, temp. and appliances, like music, for one-button activation from your smart phone, tablet, etc. Control/reset your thermostat and lights on-premises or remotely, too. Energy Management can result in dramatic utility bill savings.

Smart Locks At Your Command –

- "Open-Sesame" or relock your door locks from your phone or online
- Ever get the feeling you forgot to lock the door? Check door lock status and/or lock or unlock right from your cell phone in a jif.
- Kids left the door unlocked again when they left for school? No problem, relock it from your computer at work or from your iPad.
- Why not add a SCENE for *Leaving Home* and one for *Returning Home* and you can automatically lock or unlock your door, plus turn off/on lights and lower or raise room temp with One-Button on your smart phone. Very Chic, yet affordable!

Forgot to lock up? No problem. Press a button on your phone and Voila - All secure. Want to unlock the door for a special delivery? No worries. Get alerts & notification "unlocked" reminders sent to your phone, too.

Home Screen shown on iBridge App on iPhone.
